ENCLOSURE MOUNTS & HARDWARE

# MAXPRO Intrusion Enclosure And PSU

MAXPRO Cloud is a fully integrated access, video, and intrusion Security-as-aService platform.

## Overview

MAXPRO Intrusion (MPI) is part of the MAXPRO family of products, and utilises MAXPRO Cloud for configuration, maintenance, and management. MAXPRO Cloud is a fully integrated access, video, and intrusion Security-as-a Service platform. Ideal for small to medium businesses, MAXPRO Cloud makes single or multi-site building security simple and scalable. Users can manage their security system from anywhere at any time via any standard web browser or our innovative award-winning app. Remote configuration and management of sites, devices, schedules, and users reduces operational costs and streamlines efficiencies across multi-site installations. Our cloud-ready range of control panels makes installation easy with plug and play connectivity, auto addressing of devices, and cloud-based configuration, reducing your creation costs and installation time.

**Features & Benefits:**

- Cloud-hosted, scalable, expandable, and efficient, no servers or software required
- Secure, HTTPS login and 256-bit encryption, high availability data centres
- Integrated intrusion, access control, and video with plug and play device connection
- Pre-configure accounts, sites, schedules, and people, saving installation time at site
- Designed for small to medium, single or multi-site businesses
- Panel firmware and peripheral updates can be pushed from the cloud without having to roll a truck
- Easily grow and scale with your customer's needs

**Certifications:**

- EN 60529:1992+A2:2013: IP42
- EN 62262:2002: IK06

# Product Number

☐ **MPIBXM35**
Enclosure and PSU, 110–230V AC, 50–60Hz, 13.8V, 41x36x11cm, 5.1 kg, –10 to 50 C, Max. 93% RH
